Dear Customer,

Fall is almost here and the temperatures are cooling off but Fabspeed is still busy improving the sound and power of your exotic vehicle. We have some great new products available and also our fall car event is finally here, so get your car waxed and ready to come out on October 3rd for another Cars and Coffee. Details below in the events section or check [Fabspeed.com](#) for more information. Make sure to check out Fabspeed's own [www.fabforum.com](#) for Product Discussion, Company Discussion, Pictures, News and Events. Have a safe and happy Labor Day.

You already know we're always busy working on new projects and redesigning the old ones for more sound options. Like our new redesigned 2.75" Muffler system for the Cayenne which makes more power and a really sporty, aggressive sound. The new 2009 Porsche 987 Boxster/ Cayman Maxflo Muffler with Dual style tips are finished and in stock. Headers for the new 2009+ cars should be available in the next few weeks. We also have some other amazing products in stock like the new Dual Style tips for the 1999-2004 996 cars, available in both chrome and Black Chrome which look amazing.

Fabspeed has linked up with Evolution Motorsport for all performance engine software upgrades. This allows us to do all ECU tuning in house and enables us to have a hands on mechanical and software understanding of the latest generation high performance engines. Make sure to check out our website for updated product information and videos on the new up and coming products.

Fabspeed Motorsport is a proud sponsor of the Porsche, Ferrari, BMW, Mercedes and Lamborghini Club of America
